## **DWR Put's Money Where Its Mouth Is In Ag Water Efficiency Grant Program**

By Wes Miliband on Feb 05, 2016 12:39 pm

California's unique geography and climate have allowed the State to become one of the most productive agricultural regions in the world. Over a third of the country's vegetables and two-thirds of the country's fruits and nuts are grown in California. In an average year California's agricultural industry irrigates 9.6 million acres using roughly 34 million ... [Continue Reading](#)
